

PROBE ID	GENE	FUNCTION
8091385	CP	Related to iron transport across cell membrane, plays role in lung development
7978123	PSME2	Proteosome subunit, related to cell cycle, mitotic, and RET signaling pathways
8146092	IDO1	Catalyzes tryptophan metabolism, acts as a suppressor for anti-tumor immunity
8115147	CD74	CD74 molecule, chaperones antigen presentation in immune response
